Dear Mrs. Mathai,

I am writing to apply for the position of Machine Learning Engineer at HCLTech. As a skilled Machine Learning Engineer with several years of experience, I am confident that I have the technical knowledge and practical experience necessary to make significant contributions to your team.

I have a bachelor's degree in Artificial intelligence And Data Science and have worked in various roles related to machine learning and data analysis. In my most recent role, I led a team on Developing a Machine Learning Model and its validation for predicting anomalous behavior of machines/ machine components based on vibrational analysis. I have experience with a range of machine learning algorithms, including deep learning, reinforcement learning, and unsupervised learning, and have used tools such as TensorFlow, PyTorch, and Keras to build complex models.

In addition to my technical skills, I have excellent communication and problem-solving abilities, and am able to work collaboratively with cross-functional teams. I have experience working on projects from conception to deployment and have a proven track record of delivering high-quality results in a timely manner.

I am excited about the opportunity to join HCLTech and contribute my skills to help develop cutting-edge solutions that will drive business growth. Thank you for considering my application. I look forward to the opportunity to further discuss my qualifications with you.

Sincerely,  
**Siddhesh Dilip Khairnar**
